

# A-SAFE

## Prot<sup>x</sup> Heavy Duty

Clean & Protect Range

A-SAFE barriers protect in the toughest of industrial environments. Often this leads to a build-up of dirt, grease and grime which can be difficult to remove with ordinary cleaning products.

A-SAFE's new Clean & Protect Heavy Duty range has been specifically developed for use with A-SAFE's advanced polymer. A two-part system that combines ultimate cleaning power with a high-performance protective finish that reduces dirt adhesion.

The Protx Heavy Duty range has been formulated to work together to clean and protect surfaces, reducing dirt adhesion for a more efficient cleaning cycle and long lasting aesthetics.

## Protx Heavy Duty Cleaner

**Protx Heavy Duty Cleaner** is a powerful premium grade cleaner that penetrates and loosens the toughest grime and dirt. Unique micro emulsion cuts through oil and grease allowing quick and simple cleaning by hand. Specially developed with an active foam formula that clings to surfaces, increasing contact time and intensity to penetrate even the heaviest of industrial deposits.

- ✓ **Penetrates Grime**  
Cuts through the toughest industrial oil and grease.
- ✓ **Active Foam Formula**  
Clings to surfaces, penetrating the heaviest of deposits.
- ✓ **Low VOC**  
Avoids hazardous molecules, protecting people and the environment.
- ✓ **Two Part System**  
Ensures the cleanest of surfaces, ready for the protective finishing coat.

## Protx Heavy Duty Finishing Coat

**Protx Heavy Duty Finishing Coat** is oleophobic and antistatic, repelling oil, grease and water whilst preventing static build-up. Protective coating enhances the integrity and durability of surfaces, creating outstanding resistance to chemicals and solvents as well as everyday build-up of industrial dirt and scuffing. Specially developed with a UV filtering formula to lock in color, enhancing surface vibrancy and longevity.

- ✓ **Dirt resisting**  
Actively resists accumulation of dirt on barrier surfaces.
- ✓ **Oleophobic**  
Actively repels oil and grease.
- ✓ **UV color fastness**  
Locks in color, enhancing vibrancy and longevity.
- ✓ **Water Repellent**  
Repels water, removing conditions for fungal and mold formation.
- ✓ **Anti-static**  
Reduces dangerous static build-up.
- ✓ **Two Part System**  
Protects and maintains surfaces for more efficient cleaning over time.

Each Protx Clean & Protect product is supplied complete with a lint-free microfiber cloth, for the most effective application method.

When used together, Protx Clean & Protect products offer the best care on the market for your premium safety investment.
