

COLD STORAGE

 **A-SAFE**
PIONEERING WORKPLACE SAFETY

COLD STORAGE PROTECTION

ENGINEERED FOR PERFORMANCE

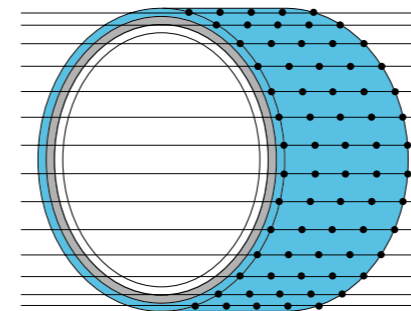

The A-SAFE Cold Storage range has been meticulously engineered to provide the highest levels of protection to pedestrians, assets and infrastructure. From the robust rack protection of RackGuard, to PAS 13 compliant fork protection, bollards, guardrails and height restrictors, the Cold Storage range offers a full suite of high-performance safety products for applications within very low-temperature environments.

Food-safe, robust and effective to -22°F, Cold Storage products from A-SAFE have been purpose-designed for use in frozen food storage facilities and other challenging sub-zero environments. Benefit from the ultimate in low-temperature performance and reduced maintenance costs without compromising on hygiene.

MEMAPLEX™ SUB-ZERO

Memaplex Sub-Zero has been developed by world-class polymer scientists to deliver maximum performance at sub-zero temperatures as low as -22°F. Created from a unique blend of polymers, Memaplex Sub-Zero is designed to withstand impacts without cracking or fragmenting. It is food-safe, wipe clean and self-coloured for maximum hygiene and ease of care.

Cold Storage barriers incorporate the patented A-SAFE 3-Phase Coupling System, which works in three sequential stages to cushion impact forces and dissipate energy through the guardrail and away from fixings. This prevents damage and preserves floors, reducing the costs and downtime associated with repairs and maintenance.

Material Properties	MEMAPLEX™ SUB-ZERO
Temperature Range	-22°F to 32°F
Ignition Temperature	698°F to 734°F
Flash Point	662°F to 698°F
Toxicity	Not Hazardous
Chemical Resistance	Excellent - ISO/TR 10358
Weathering Stability (Grey Scale)	5/5*
Light Stability (Blue Wool Scale)	7/8**
Static Rating (Surface Resistivity)	10 ¹⁵ - 10 ¹⁶ Ω
Hygiene Seals	Yes

*Weathering scale 1 is very poor and 5 is excellent

** Light stability scale 1 is very poor and 8 is excellent

A LOCAL COMPANY, GLOBALLY

We work hard to maintain the spirit of a local business while achieving the far-reaching impact of a global enterprise.

Our policy of being "Global and Local" enables us to respond to your needs wherever you are in the world. In every office worldwide, we employ local experts throughout the business. Specialists in their field, equipped with an in-depth knowledge of domestic markets, legislation, safety practices and social customs. We strive to give all workplaces access to world-class products, through local offices and consultants.
