

# FlexiShield Corner Guard

Specifically designed to protect wall edges and door frames from day-to-day bumps and scrapes from pallet trucks.

Quick and easy to install, the stackable design allows total flexibility in its reach; enabling installation to a height to suit.

The narrow profile keeps intrusion to a minimum whilst protecting infrastructure from scuff damage from hand powered vehicles.

## Features and benefits

### Absorption

Chevron and rectangular indents increase the surface area providing more material for energy absorption and allowing the Corner Guard to expand and contract before reforming to its original shape.

### High strength

Linear low-density polyethylene delivers strong impact resistance at both ambient and sub-ambient temperatures.

### Quick and easy installation

Simple assembly with modular, interlocking sections and the A-SAFE logo for clear orientation.

### Highly visible

Prominent chevron design delivers a clear warning with distinctive A-SAFE yellow creating a strong visual alert.

### Narrow footprint

Designed to defend against minor scuff impacts, the slimline design keeps the unit's impact on floor space to a minimum.

**Adaptable**  
Designed to be stackable, the Corner Guard can offer protection to the full vertical height.

**Color Options**  
Also available in black.

# Technical Information

How the energy from a vehicle impact is calculated

$$\frac{1}{2} \text{ Mass} \times \text{Speed}^2 = \text{Joules}$$

## Tested Impact Energy

**200 Joules**

Equivalent vehicle and speed

0.5 Ton **X** 2 mph impact

90° Impact on Corner Guard

Dimensions (inches)

Material Properties	MEMAPLEX™
Temperature Range	-4°F to 122°F
Ignition Temperature	626°F to 770°F
Flash Point	645.8°F
Toxicity	Not Toxic
Chemical Resistance	Excellent - ISO/TR 10358
Weathering Stability (Grey Scale)	5/5*
Light Stability (Blue Wool Scale)	7/8**
Static Rating (Surface Resistivity)	Insulator (1 x 10 <sup>11</sup> Ω/SQ)

\* Weathering scale 1 is very poor and 5 is excellent

\*\* Light stability scale 1 is very poor and 8 is excellent

## Colour Options

\*Please note that the RAL and PANTONE colours listed are the closest match to standard A-SAFE colours, but may not be exact matches of the actual product colour and should be used for guidance only.
